

**THE TPR GENERAL CODE OF PRACTICE  
HAS LANDED**

**ARE YOU IN GOOD SHAPE?**

After extensive consultation the Code of Conduct is due to come into force on the 27th March 2024. TPR have allowed plenty of time for schemes to prepare and get to grips with the requirements. The key to compliance is practical, demonstrable and documented governance for the scheme and Trustee Board.

? *We know we are doing the right thing but we need to evidence it...*

? *Need to tidy paperwork up and bring Trustees up to speed...*

? *Scheme is well managed but need to improve our documentation and controls...*

? *Spotted some gaps and need to close them off quickly....*

? *Think all the bases are covered but we would like to be sure....*

**If any of the statements above resonate with you then it's worth us having a confidential conversation.....**
